Contact us, if you are looking for Danish project partners, and especially if you would like to get in touch with potential project partners in the Region of Zealand.

#### **ZealandDenmark EU Office**

is a cooperative initiative, jointly financed by the Region of Zealand, the 17 municipalities of the region, and the Zealand Growth Forum.

#### **Priority fields of action:**

Business development.  
Climate change.  
Energy.  
Health.  
Education.  
Infrastructure.

#### **Services:**

- Supporting internationalization in the Region of Zealand.
- Action-oriented information on EU funding and EU networks.
- Timely information about upcoming EU-decisions.
- International branding of stakeholders in the region.
- Counselling and follow-up on project applications.
- Partner-searches.
- Representing the Region of Zealand, its municipalities and other actors in international networks.

*The ZealandDenmark EU Office is based in the Baltic Sea House, at the Square Ambiorix, a few hundred metres from the EU Commission*

#### **In the Region of Zealand, Denmark, you will meet:**

800.000 inhabitants in a peri-metropolitan area close to Copenhagen and the Øresund macro-region.

A knowledge-based economy in an agricultural, industrial and urban setting – with a high level of welfare, general education, English-language proficiency and ICT-use.

A region covered by no less than 4 different Interreg programmes in the Baltic Sea region.

Exciting infrastructure development: By 2018 the Region of Zealand will be linked to Germany by the Femern Belt Connection, the longest ever built in Europe. The region already boasts three major bridges.

A strong interest and expertise in health, education, business development and infrastructure.

A green profile with emphasis on climate issues, green energy, energy efficiency, green products, and green production methods.
